Get Hoppin’ with Eco-friendly Products

Great for the holidays

Composting...

- is nature’s way of recycling bunny poop, fruit/vegetable scraps & yard trimmings into products for a healthier garden.
- improves the fertility of the soil naturally without use of harmful chemicals.
- saves water by helping the soil hold moisture and reduce water runoff.
- benefits the environment by recycling valuable organic waste.
- pays for itself and saves money by making your own compost and fertilizer.

Composting Bins

**Soil Saver Compost Bin**
(Comparable Value ~ $129.00)
Convert bunny poop and yard trimmings into compost for house and garden plants.

**Compost Tumbler**
(Comparable Value ~ $250.00)
Convert bunny poop and yard trimmings into compost for house and garden plants.

- **Capacity:** 58 Gallons
- **Dimensions:** 45” x 33 ½” x 33” (fully assembled)
- **Assembly:** Easy to assemble
- **Material:** 100% green recycled material
- **Features:** Stainless steel breaker bar mixes and aerates to speed decomposition

- **Tumbling action keeps the contents mixed well, creating organic compost faster**

Composting Accessories

**Soil Saver Base (Optional)**
Base fastens easily together using two halves and screws provided
Soil Saver compost bin sits inside the raised lip on outermost edge of base
Base keeps burrowing animals out of compost pile

**Bedding Blocks (3 units)**
Great bedding material for Can-O-Worms compost bin
Ideal for indoor and outdoor gardening; blends with other growing media
Made of compressed organic coconut coir which expands in water

**Red Worms**
Perfect for Can-O-Worms compost bin
High quality; organically raised
These worms are capable of eating half their body weight every few days

**Worm Blanket**
Perfect for Can-O-Worms compost bin
Creates dark, moist aerated environment
Made from breathable, 100% natural fibers, ideal thickness to retain moisture

**Worm & Compost Conditioner**
Helps to neutralize acidity & balance the pH level in the worm bin, so worms digest larger quantities of food waste faster
Helps soil bacteria preserve essential nutrients in compost and increases the availability of nutrients for plants
Made from a specially selected blend of natural minerals
